Course description:

Select dates: Location:

Citrix Presentation Server 4.0: Administration CTX-1256 – 4 days This course provides the necessary foundation to deploy and administer Citrix® Presentation Server 4.0. This course covers installation and administration of Presentation Server and its components, including Web Interface, Secure Gateway, Installation Manager and Load Manager. Learners receive in-depth training using the Citrix Presentation Server Console to configure server farm and individual server settings and the Citrix Access Suite Console to manage multiple farms.	<input type="checkbox"/> 5 th – 8 th Mar <input type="checkbox"/> 22 th – 25 th Apr <input type="checkbox"/> 8 th -11 th May	Jordan Jordan Lebanon
Citrix Presentation Server 4.0: Skills update from XP/3.0 CTX-1256SU – 3 days This course brings the participants to the same level of knowledge as the full Administration course, provided that they have a solid experience on MetaFrame XP or Presentation Server 3.0 platforms.	<input type="checkbox"/> 2 nd - 4 th Apr	Jordan
Access Suite 4.0 (Password Manager 4.0 and Access Gateway 4.2 : Administration) CTX-1326 & CTX-1306 – 4 days The CTX-1326 course prepares learners to install, administer and support Citrix® Password Manager 4. Learners learn how to choose a central store, configure settings in the Access Suite Console, and configure and deploy agents. The CTX-1306 course provides learners with the knowledge and skills needed to install and configure Access Gateway 4.2 with Advanced Access Control, including the Smart Access feature.	<input type="checkbox"/> 16 th –20 th Apr	Jordan
Citrix Presentation Server 4.0: Support and Citrix Access Suite: Build & Test Workshop- CTX-1258 & CTX-1456-4Days CTX-1258 provides learners with the knowledge and skills required to support an enterprise environment. This course teaches best practices for monitoring, managing, and troubleshooting an enterprise environment containing a server farm running Citrix Presentation Server 4, Enterprise Edition. CTX-1456 provides learners with the knowledge and skills required to build an enterprise environment in which all components of the Citrix Access Suite 4 are implemented.	<input type="checkbox"/> 3 rd –6 th June	Jordan
